

MAGNATECH LED
Simply brilliant

Areolite-18®

Description

The Areolite-18 of Magnatech LED replaces the head of the existing streetlights.

The color and light output can be adjusted precisely to give the urban landscape a new original touch.

The Areolite-18 offers a significant saving in the consumption of electricity and durability while the quality of light surpasses any other. It is compliant with public lighting standards.

Reliable and robust, the Areolite-18 makes a return on investment in a very short time.

Advantages

- 80% of electricity saving
- Maintenance free
- Resistance to shocks and vibrations
- IP 65, waterproof
- No flicker
- No UV radiation
- Compatible with solar panels
- Fast return on investment

Applications

- Industrial areas
- Outdoor
